HOW IS BLUENOSE DIFFERENT?

We provide written and photographic info about the code compliance and condition of the wood-burning system for your reference and for proof to insurance carriers.

We provide the highest standard of service and are dedicated to educating you about our services and your equipment.

The newest and most advanced equipment and years of experience allow us to minimize any potential mess or dust in your home during sweeping.

Stress-free online booking & appointment reminders.

Coupling sweeping and code compliance inspections together can provide an in-depth understanding of your wood-burning system.
